You should just be able to give [REDACTED] the link in the email below - you can follow it now and check you can gain access to the meeting. Hopefully, there wouldn't be anyone there already!!

Sorry [REDACTED] I don't know who from the [REDACTED] will be there but there is a list on the website so that tells you the potential panel.

Any more questions just let me know

Ah that's great! I've managed to land (short term) a very senior [REDACTED] who is only with us until the end of March, and he would be absolutely the right person to help nail how best to construe the match/budget aspects, so that looks as tho timings will align.

Will you send the Teams invite to [REDACTED] ? [REDACTED]@therecruitmentjunction.com

Are we allowed to know who the 2 x "accountable body" representatives are, which external organisation they are from? (Or perhaps it's just the CLLD?)

Very many thanks again

Hi [REDACTED],

Yes, happy for your colleague to join. Sorry I meant to say you could expect to be in the meeting for 20-30 mins to includes Q&A element, so we don't need you to talk for hours - it's a pitch!

We would aim to let you know by the end of the week if you were invited to full app and if this was the case you would find it hard to get rid of us! Basically, you would do a first draft and then we would work with you on any changes and to ensure the budget, funding breakdown and forecast outputs/results are 'right' before it goes to a final decision from the [REDACTED]

Hope that makes sense

Hello [REDACTED]

That's absolutely great, thank you. Can my colleague [REDACTED] also join me? And what is the expected duration of the meeting? How long before we know if we will be invited to submit a formal application? For this latter, it would be good to get some additional guidance about which aspects of our current funding and staff time can count towards the "match", and what the recommended thresholds are for the amount we would be requesting.

I look forward to meeting the [REDACTED] team.

Many thanks

Following on from our receipt of your project proposal to the [REDACTED] [REDACTED] for ESF projects we would like to invite an appropriate representative/s of your organisation to attend a meeting with representatives of the [REDACTED] on;

- **Date Wednesday 10 February @ 10.15 am**
- **Virtual meeting [Join Teams meeting](#) - please try and join the meeting at 10.10/15 and you will go into the 'waiting room' and we will let you in asap**

At this meeting we would like you to explain your project in your own words in response to the following questions (with some ideas for your responses). There will then be the opportunity for you and the panel to ask questions to further understand the project.

1. **Who do you expect to be working with?** *We would like to know who you will be working with (thinking about the CLLD target groups) and how you have identified them. You might like to consider how Covid-19 restrictions may affect recruitment.*
2. **What barriers do you expect people to face?** *We would like you to tell us about the barriers you expect people to face and how you know this.*
3. **What activities do you expect to deliver?** *Please tell us about the activities you will deliver as part of this project/what support your target groups will receive/what is a 'client journey'.*
4. **How do you know your project is needed?** *We would like you to tell us why your project is needed for example you may have run a pilot or have an existing project that you want to expand. Alternatively, have you undertaken engagement or research to identify need?*
5. **How will the people you are working with progress towards economic activity?** *Please explain what you expect to happen to participants for example will they enrol on a training course, start a job or become self employed? Why do you think this will be the case?*

At the session you can expect to meet at least 5 members of the [REDACTED] and 2 officers from the accountable body. We are know this can be a bit off putting for some people so please be aware we are not assessing you or your presentation skills we simply want to understand the project you would like to deliver better and we know this is easier to do 'face to face' than in the pages and pages of a written application form!

If you have and questions in advance of the session, please let us know
We look forward to seeing you then
