[REDACTED],

From our point of view there is no problem with “double counting” of participants in the way you’ve described below.

Cheers

That’s great [REDACTED] thank you.

One question already, regarding “double counting”. Because of the explicit nature of this funding requiring us to bring [REDACTED], and some of that match being generated from our [REDACTED] funded programme, we would expect that some of the same participants will be part of both programmes, and reported as such to each funder. Were this not the case, we might struggle to generate the match element. Would that cause a problem or are you happy that we use whichever additional funding streams as suit us, as long as we are meeting the criteria and outputs of THIS funding? As you will recall, there is no element of ESF funding within the [REDACTED]
[REDACTED]

Thank you, looking forward to our meeting.

[REDACTED]

Just a quick email about the PIV meeting tomorrow (in the good old days it was an actual visit: Project Initiation Visit). Please see attached an agenda that we normally try to follow and a template Grant Funding Agreement (you may want to have a quick look at the bits marked in yellow as they are project specific).

Please don't worry if you don't have the time to read it all – we'll go through it together. We'll try to cover the main practical things like claiming monies from us, reporting etc and answer any questions you may have. It will be quite a lot to digest so don't worry if you have lots of questions after the meeting or if you feel you'd do with another meeting later on - that's absolutely fine. Also it's likely that Julita will arrange a separate session to show you our CRM system.

Hope this is ok. See you tomorrow.

Regards,

[REDACTED]
