Equipment purchased.	£Click or tap here to enter text.	£Click or tap here to enter text.
Other	£Click or tap here to enter text.	£Click or tap here to enter text.

Section 2 – Service Delivery Programme

2.1 Summary of service delivery

Provide a statement explaining the quantity and quality measures you have in place to capture outcomes.

We have invested in a specialist recruitment CRM system which allows us to record, in a data-secure manner, every interaction with our candidates and employers. This allows us to track, amongst other things: how many candidates have been referred to us, and how many of those have then chosen to fully engage with our services; the progress of each candidate through their journey to employment, for example, when we have prepared their CV and disclosure statement, their progress in gaining interview practice, and their success in obtaining any vocational skills training needed; all interviews gained with employers and the outcome of those interviews; and how many candidates have gained jobs, and the job retention rates. To ensure sustainability, we keep in regular contact with both employees and employers during the first 6 months of employment, recording their progress in our CRM system. This regular contact would also highlight any instances of re-offending, which would be recorded.

	What are the differences your project has made based on the information provided in your original Fund application and the aims and outcomes identified.
Outcome 1 Maximum (200 words)	Our target was to work with 75 candidates per year, 50 of whom would be placed into paid work, with 65% of these still employed after 6months. In Q2 we worked with 23 candidates (33 to date) living in the Newcastle City Council area, of which 7 have so far been placed into work (11 to date). We continue to work with the other candidates, some of whom are likely to be placed into employment in the coming months. We are unable to measure the job retention rate yet, as we need to wait for 6 months after placement.

<p>Outcome 2</p> <p>Maximum (200 words)</p>	<p>Our target was that 70 candidates per year would have a positive education or training outcome within six months of engaging with us. As we are only 6 months into the programme, we are unable to report on this metric as yet.</p>
<p>Outcome 3</p> <p>Maximum (200 words)</p>	<p>Our target was that 75 candidates each year will achieve a practical employability outcome (updated CV, reworked disclosure letter, mockinterview practice) within 3 months of engaging with our services. Of the 23 candidates we have engaged in Q2, all 23 received a practical employability outcome (33 to date).</p>

2.2 Please detail below the outputs relating to the service for this period. Please indicate how many beneficiaries came from the following wards (please insert numbers below)

Ward	Number of beneficiaries
• Arthurs Hill	2
• Benwell and Scotswood	3
• Blakelaw	Click or tap here to enter text.
• Byker	2
• Callerton and Throckley	2
• Castle	1
• Chapel	1
• Dene and South Gosforth	Click or tap here to enter text.
• Denton and Westerhope	1
• Elswick	4
• Fawdon and West Gosforth	1
• Gosforth	Click or tap here to enter text.
• Heaton	Click or tap here to enter text.
• Kenton	Click or tap here to enter text.
• Kingston Park South and Newbiggin Hall	Click or tap here to enter text.
• Lemington	1
• Manor Park	Click or tap here to enter text.
• Monument	1
• North Jesmond	Click or tap here to enter text.
• Ouseburn	Click or tap here to enter text.
• Parklands	Click or tap here to enter text.
• South Jesmond	Click or tap here to enter text.
• Walker	4
• Walkergate	Click or tap here to enter text.
• West Fenham	Click or tap here to enter text.
• Wingrove	Click or tap here to enter text.

	Male	Female	Prefer not to say	Prefer to self-identify	Total
2.3 Total number of beneficiaries directly supported in this monitoring period.	22	1	Click or tap here to enter text.	Click or tap here to enter text.	Click or tap here to enter text.
2.4 Total number of beneficiaries directly supported to date.	31	2	Click or tap here to enter text.	Click or tap here to enter text.	Click or tap here to enter text.

N.B please note, the number of beneficiaries identified by gender should not exceed the total beneficiaries' amount.

2.5 Please identify how many beneficiaries from the following groups have been supported during this period. Each group total should represent unique individuals, but an individual beneficiary may be counted in more than one group (*for instance a person aged between 13 to 18 with a disability may be counted in two groups*):

Children (under 12)	Click or tap here to enter text.	Homeless people	Click or tap here to enter text.
