That's fine for us, it just seems a bit odd!

Thanks [REDACTED]

Hi [REDACTED]

I think this is something I've mentioned during our training session. At the moment, it's impossible to restrict the view on [REDACTED] and everyone can see everything. This is a downside, I agree. The only part-solution I can think of is to upload the registration form, share the link with the participant and delete it afterwards. This would limit the time, other user could see the information. I completely understand it if you're uncomfortable using the software and if, so – I will not insist on using it.

In terms of the GDPR, we're covered as the declaration clearly states that the data might be shared with various partners, council as well as DWP & MHCLG.

No problem, I'll get the additional user account sorted shortly.

Cheers,

Hi [REDACTED]

When I log into [REDACTED]e, I can see all the participant forms for all the other funded providers – this seems like a data breach! I appreciate we should be able to check for duplicates, but surely not to see all the private info of the participants that they are working with?

Could we please also sign up [REDACTED]@therecruitmentjunction.com,  
[REDACTED]@therecruitmentjunction.com and

Thank you!
