Hi [REDACTED]

Thanks for this

[REDACTED] – I raised this previously, he is no longer engaging and so I cannot supply any further evidence. I believe Victoria said she would approve this

We are aware there are 14 results we uploaded incorrectly (names below) These are the into job search/into employment/economic inactive etc.

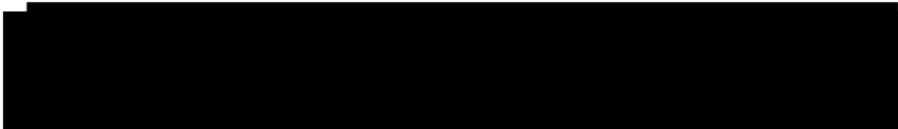

We discussed this with Victoria and understand there's nothing to be done with these other than leave them on the system as is. I also now understand my mistake so it shouldn't happen again!

However, there are a further 10 results we have uploaded correctly (as far as we are aware) – These are the ones I'm querying

I think in your list of "Awaiting verification" you have [REDACTED], however he was one that I was

under the impression we had uploaded incorrectly, so may need further investigation.

Thanks

Subject: RE: Output & Result Report

Hello [Redacted]

Thanks for your email. I have revised the report.

While I was looking at the data, I must have accidentally removed 'yes' from the AV column for one of the two participants, hence it was not captured in the summary. Apologies for that and thanks for keeping me right!

- [Redacted] – I have checked the record and it is now verified.
- [Redacted] – Is this participant still engaging? If so, would it be possible to obtain his updated UC status?

Results:

The enquiry summary column lists 6 results as 'incorrect ones'. You've reported to us that those participants have achieved a result of:

- into job search (however the evidence you've provided would not be accepted by ESF as you need to evidence a change in their benefits)
- into employment (the participant [REDACTED] was already in employment at the point of registration so there was no change to his circumstances. It's not a valid result and should not have been recorded on [REDACTED])
- The other results lack certification

I hope this makes sense - if you have any more questions, I'll be happy to go through them during our catch up meeting. We could of course look [REDACTED] together to discuss the data in more detail if that's helpful.

Cheers,

Subject: RE: Output & Result Report

Hi [REDACTED]

I'm a bit confused by this

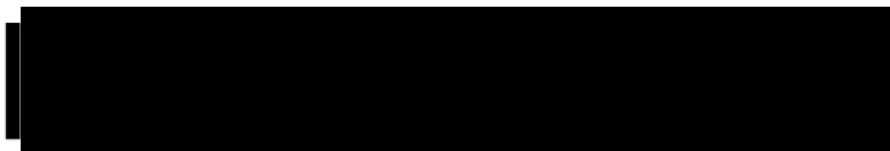

Firstly, it says that we have 1 output awaiting verification, but when I use the filters there are 2 names coming up

[REDACTED]

These are the same 2 names that were raised last time, both of which I have resolved as far as I can see

Secondly, last month there were 2 results awaiting verification. I have since uploaded a further 9 results. We are now on 11 results awaiting verification – is this the case that no results have been verified this month? Is that because they have not yet been looked at?

Thanks
