Thanks for that [REDACTED] – that makes sense, just our misunderstanding. I fear this may mean you have a few more to reject on this basis (Sorry!!)

Hi,

It would need to be a third party confirmation not a confirmation from you as you are delivering the activity. But ultimately it is the definition that is the issue, as you indicate he does not want to claim benefits so you would not be able to claim this result unless he went into work. In

addition when you claim a result you should stop/have stopped working with a person and I don't imagine this is the case here and you are supporting him to look for work still.

Hope that makes sense - it is the most complicated output/result definition we went over with with [REDACTED] at the start of the project but we appreciate it is confusing and happy to explain further if needed.

Thanks

Thanks for this [REDACTED] in the guidance it doesn't include the bit in yellow so we took it as he was working with us and we were a recognised body working with DWP that we would could – however he is not receiving benefits and not willing to apply for them.

Hi [REDACTED], I am not sure we can include this as an 'inactive into job search result' We define into job search as claiming JSA element of UC. So either no claiming benefits and moving onto them or claiming inactive benefits and moving into job search benefits. Evidence in the guidance is listed as; - Award letter / notification detailing Jobseeker's Allowance / New style JSA - Copy of the individual's bank statement showing benefit payments - Signed referral from DWP - ES40 (Jobseekers card) or My Work Plan demonstrating current status - Signed referral / template from recognised agency / service who can reasonably be considered to have an accurate knowledge of the participants circumstances ( e.g. local authority, public body, or organisation receiving public funding ) Based on the information currently provided I don't think you are able to show this. Sorry
