Oh that's OK, just wanting to know it was in hand, as I know I'm on a deadline here that I definitely don't want to miss

Dear [REDACTED]

That's fine, thank you, we can work to these timings and yes I am free on Monday 8<sup>th</sup> March.

Can you let me know what the cap (max limit) is on the available funding (obviously assuming we have the match), and when must it be spent by?

Can you confirm that the [REDACTED]s are eligible funds to be considered within our match, and how much of the intended contract value can we include (it will not be invoiced in full until August/September and most of the invoicing lands in that period, of a total possible contract value of [REDACTED]).

Can you direct me to Handbook Annex 10 for the full list of deliverables?

Thank you!

[REDACTED],

Firstly, apologies this is later than intended. Hopefully, you hadn't planned your weekend around it! Please find attached the application form. This will be supported by 2 spread sheets: budget and outputs/results. I have just spotted a couple of errors with a formula on these so will sort this out and send it on in an hour or so, however, as it's a spread sheet it gets sent to someone to check and agree it can be sent externally as part of our Data Protection process (even blank ones!) so don't worry if you don't receive it till later today.

Can you try and complete a draft version of your application by the end of February? We would then review the application and arrange a call to go over any suggested changes to the form and discuss the finances and outputs/results in more detail. We would ideally like to do this on Monday March 8 sometime between 9-12, it would take up to 2 hours in real life but this would be the first virtual session so we would probably need to start with a 1.30/2 hour session - are the free on Monday 8 March?

In the meantime if you have any questions or want to send a draft of a draft for me to look at please let me know.

Thank you
