Dear [REDACTED]

Hope you had a good Easter break!

Please see below an email from [REDACTED] from the [REDACTED] about the UKSPF 'People and Skills' call for projects from VCSE organisations that was open back in January / February.

[REDACTED] couldn't find your contact details and she's asked me to forward this onto you. Hope this is ok. Apologies I'm sending this later than [REDACTED] requested, I had a very busy couple of weeks before Easter and it slipped through the net. I hope it's not too late for you to get involved – if you wish so – with the conversations with [REDACTED] and [REDACTED]

Please feel free to respond to [REDACTED] [REDACTED]

**Subject:** ESF Data to share with [REDACTED]

Hi [REDACTED]

As I mentioned at the partnership event, could you please share this email with [REDACTED] [REDACTED] and [REDACTED] to ask if they would like to contribute to the collection of information that will be shared with the [REDACTED] as part of a discussion around the impact of being 'excluded' from the recent call.

As a background to this request a few of us got together to look at the option of a last-minute

bid, this led to discussion around the timescales etc and the barriers that had been created to apply due to the process which flowed with a phone conversation and meeting with [REDACTED] from [REDACTED]. A meeting is now planned with [REDACTED] to share our thoughts and we wanted to extend the opportunities, invite to the other ESF funded projects to be included.

The meeting has potentially been brought forward to the 19<sup>th</sup> April so it would be good to get this by the end of the week.

So far organisations have been providing information regarding (please feel free to add as much or as little as you want)

[REDACTED] has then kindly offered to pull out some key points

***Name of organisation***

***Contact details.***

***Organisations area of specialism***

***Target groups supported.***

***Geography***

***Size of CLLD ESF project***

***Number of posts this funding covered – number that are now at risk ?***

***Impact of being excluded from the UKSPF partnership.***

Happy to discuss further if needed
