Dear [REDACTED]

Thanks for these. I can confirm that the match funding certificate is correct. Thanks also for your suggestion regarding the project end date; I think adding an extra month does make sense to make sure that the NI is covered.

Kind regards

[REDACTED],

Please find attached a letter formally confirming the approval of the CLLD grant for your project.

I'm also attaching a Match Funding Certificate – this is just one page that needs to be signed by you to confirm that you have secured all the match funding and that it does not include any EU funding. For now could you please just check if it is accurate. Later I'll post a hard copy to you together with the Grant Agreement and will ask you sign and return this hard copy.

Just one thing about what the certificate says:

- Project end date – this is the final date that your project costs can be defrayed (= leave your bank account). Some organisations pay their NI a month or two later e.g. March NI is paid in April. They choose to add one (or even two – just to be on the safe side) months at the end of the project just to ensure that all these costs are defrayed. I've provisionally added one more month to your end date – but it's up to you if you need / want it or not (please let me know). Whatever you choose, I'll put the same end date into your grant agreement.

Hope this is ok.
