[1_The Recruitment Junction.pdf](#)

Dear All,

Thank you so much for filling in our questionnaire! We've received [REDACTED] responses. Please see attached all the responses put together in a pdf file - but they are difficult to read as the font is tiny and you'll need to enlarge it quite a lot. So I've also downloaded individual responses – hope it will make it easier to navigate all the info.

We still don't know when the call will be launched and we will continue to keep a close eye on the latest news from [REDACTED]. We'll put in an appointment for an in-person session in early January once we've got more clarity. Hope this is ok.

Hope you'll have a lovely break and you'll be able to relax and enjoy the festivities (without worrying too much about UKSPF...). All the best!

Subject: RE: UKSPF for VCSE Employment Support in Newcastle

Dear All,

Thank you again for joining us yesterday for a session about an anticipated call from [REDACTED] A for VCSE organisations that have recently delivered ESF projects.

If you'd like to read more info about outputs and results for UK Shared Prosperity Fund, a link to the government's document 'Interventions, Objectives, Outcomes and Outputs' is [here](#).

Also, as agreed in the session, we've prepared a little questionnaire for you – to facilitate partner search / lead search for this call. It's an on-line form and the system tells me that an estimated time to complete is 7 minutes. So hopefully it won't be too much work.

Please see a link [REDACTED]. If you could complete it **by Wednesday, 21st Dec lunch time**, I'll be able to share with you a compilation of your answers still on Wednesday (or Thursday morning at the latest) – so that you have it still before Christmas.

As discussed, we'll organise an in-person session in early January. I haven't proposed a date yet (but will definitely do it before we break for Christmas) as we're trying to find out when the call is likely to be published and if [REDACTED] could share more information asap. We're hoping for the next session to include less if's and but's and more concrete information.

Hope this is ok. Looking forward to receiving your responses to the questionnaire.
