Dear All,

Just a quick email in advance of our session on 'UKSPF for VCSE Employment Support in Newcastle' tomorrow morning (Thursday, 15th Dec, 9:30am, on Teams).

Just wanted to let you know that the call for projects has not been published yet and at the moment we do not have any concrete information when ████████ ███████████████████████████ may publish it (when we invited you to this session we were made to believe that it would be still before Christmas – but it doesn't look likely now).

So tomorrow we would like to talk to you about what we understand this call is likely to include. Judging from the documents published by the government and ██████ as well as the events we've attended, we believe there are a few main principles likely to be important for this call. Unfortunately, we won't be able to answer any specific questions that you may have about the details of the expected call. But we are more than happy to collect your questions and take them to ██████

Also – we would like to ask each organisation to introduce what they do in 2-3 sentences (no more than 2-3 minutes, please – as we're going to have representatives of 16 organisations): what your area of specialism is, what your ESF project has been, what you'd like to do more of going forward. We hope this might be helpful if you'd like to start thinking about any potential future partnership work.

Hope this is ok. And see you all on Teams tomorrow morning.

Regards,

██████
